Format of Presentations at the NOCIES/GlobalCIE conference 2019

Submission to be presented as:

1) Papers

Paper sessions consist of a presentation and a discussion of papers of an ongoing or completed research project. Paper presentations last 15-20 minutes, plus some time for questions, comments and discussions. The papers will be scheduled in 90-minute sessions that will normally include 3-4 papers on similar themes. The submission consists of an abstract (450-500 words) plus references of up to 200 words. NOCIES/GlobalCIE will nominate a chairperson for each session who will take care of time and manage discussion.

Please plan your presentation in a way to allow some questions within your presentation time. We suggest that you end your presentation with a couple of questions in order to stimulate discussion after the presentation.

2) Symposia

They include a minimum of 3 and a maximum of 4 papers per session plus a Chair/ Discussant who has read the papers in advance. The symposium needs to be handed in as one submission with a description of the symposium (up to 450-500 words) and abstracts for all papers linked to it (up to 400 word abstract each paper). For the papers in the symposium and for the symposium description, references of up to 200 words each should be given. The symposium proposer will also be asked to list presenting authors and co-authors with email addresses and affiliations.

A Chairperson/Discussant, who can offer a critique of the symposium, needs to be named on the proposal. The proposer is responsible for communicating with all contributors and with the NOCIES/GlobalCIE organizers about the proposal.

3) Roundtable discussions

A roundtable session is a forum for the presentation and discussion of developmental work and research plans.
